ARIENS SUMMIT PRO 352

£POA

For professional landscapers seeking the perfect balance between power, deck size, and efficiency, the SUMMIT PRO 352 is the all-rounder of the Ariens zero-turn family. Its 52-inch cutting width ensures fast results on medium to large-scale lawns, sports fields, and residential properties. Optimized for both performance and operator comfort, it’s the machine that keeps up with the demands of full-day operations.

Durability is in the DNA of the 352. From its reinforced frame to the high-performance drive
