ARIENS SUMMIT PRO 360

£POA

When speed and scale define your workday, the SUMMIT PRO 360 rises to the challenge. Engineered for expansive mowing operations, this 60-inch zero-turn mower combines wide-area efficiency with Ariens' hallmark reliability. With a maximum mowing capacity of up to 22,200 m² per hour, the 360 model turns even the largest jobs into quick, clean wins.

Built for high-volume use, it offers unmatched comfort through advanced suspension systems and a durable, intuitive operator platform. Whether used in municipalities, estates, or high-frequency
