ARIENS SUMMIT PRO 572

£POA

For the biggest tasks, the SUMMIT PRO 572 is the undisputed leader. Equipped with a 72-inch cutting deck and peak area performance of 38,960 m² per hour, it redefines productivity. This powerhouse zero-turn mower is engineered for parks, large estates, and contractors managing wide-open terrains where performance per hour is critical.

The 572 offers more than just size – it incorporates every Ariens innovation for durability, comfort, and ease of use. Heavy-duty components, intuitive controls, and an operator-focused design
