ARIENS ZENITH 60R

£POA

All our experience in one machine for daily, professional and local authority use. The maximum in performance, durability and comfort. You can rely on it. Every day.

The choice for real mowing professionals and large areas. The “R” on the ZENITH 60R stands for “rear-discharge”. The mown grass is discharged to the rear, between the wheels. Advantage: The mowed material is not thrown onto paths or into flower beds. Kawasaki professional FX730V engine, 726 cm3 with double air filter. Suspended wheel forks and cushioned, adjustable comfort
