ARIENS ZENITH E 48R

£POA

Installing batteries in a mower is one thing. Achieving the performance, durability and reliability of a proven professional petrol model is another. Our models with the FusionCore replaceable battery system meet this demand.

The ZENITH E 48R is the first professional electric zero-turn mower with interchangeable batteries. Designed to mow medium to large lawns for a whole day. The “R” on the ZENITH E 48R stands for “rear-discharge”. Advantage: The clippings are not thrown onto paths or into

Product Details	
Category/Type	***Zero-Turn Mowers***
Make	***ARIENS***
Model	***ZENITH E 48R***
Year	***2026***
Hours	***-***
